

PERMIT APPLICATION: NRS 04.405

APPLICANT: Lee W. Phipps
40 Grays Camp Lane
Tiptonville, TN 38079
(731) 253-7813

LOCATION: 40 Grays Camp Lane, Reelfoot Lake, Tiptonville, Lake County

WATERSHED DESCRIPTION: Reelfoot Lake is a natural, depressional wetland that encompasses approximately 25,000 acres of shallow open water and vegetated wetland habitat. Adjacent land use is primarily rural agricultural. Reelfoot Lake has been designated a Class I - Scenic-Recreational Area, an Outstanding National Resource Water and also a Wildlife Management Area administered by the Tennessee Wildlife Resources Agency. This project is regulated pursuant to T.C.A. §69-1-1, which requires a permit to construct a structure or engage in an activity on or in Reelfoot Lake that may have the effect of impairing or obstructing navigability. The Division has tentatively determined to issue the permit.

PROJECT DESCRIPTION: The proposed work involves the addition of two new boat sheds attached to an existing dock and adjacent to existing sheds. The first shed will be 16' x 25' and the second shed will be 16' x 50'. The sheds are replacements for a shoreline boat shed destroyed by a storm in July.

PERMIT COORDINATOR: Juliana W. Kyzar
